THIS WEEK AT BEREAN  
11/30 9:45 Church School for all ages  
11:00 Morning Worship; nursery provided; lighting advent candles  
12:00 Fellowship Hour in overflow room  
6:00 Vespers  
6:30 Advent Festival  
12/2 10:00 Carbondale Clergy at Saint Rose  
7:30 Ruth Circle at Church  
12/3 1:00 Naomi Circle at Pierson's, Melchiah at Church  
7:00 Choir rehearsal  
8:30 AA open meeting  
12/4 7:30 Administrative Board

#### PRAYER CONCERNS

General: Barbara Swingle, Aner Spaulding  
St. Joseph: Nina Wivall

#### GREETERS

The greeters at the doors of the church this morning are Ethel Parry and Myrtle Kopock.

#### ANNUAL REPORTS

Committee chairmen, organization presidents, and treasurers are urged to prepare annual reports and give them to the Pastor or the Financial Secretary before Christmas. Please type or write clearly to assist the office in the preparation of this report. Thank you.

#### FELLOWSHIP HOUR

After the worship service today, you are invited to remain for refreshments and a time of fellowship. The Christian Education Committee of the Administrative Board will host today's fellowship hour. The General Business Committee of the Administrative Board will host the fellowship hour in February 1987.

#### BELL TREE FOR MENEELY'S

The annual opportunity to send David and Christie an over and above personal gift is our Meneely Tree. For each dollar you contribute, a bell will be placed on the tree. Ring out! Ring out! Let's cover the tree with bells of love and caring. See Grace Moon or the Pastor to make donations.

#### VESPER SERVICE TONIGHT

At 6 P.M., we will hold our first Vesper Service in the Overflow Room. The color we will deal with is "Green."

#### ADVENT FESTIVAL

Our first time together for the Advent Festival will be tonight at 6:30 P.M. in the fellowship hall. Come and share with us.

— From DWP

#### SHUTTING OFF WATER [on the Golf Course]:

1985 October 8, 1985 WSP & DWP  
1986 October 6, 1986 DWP with some assistance from WSP

#### THE PRINCIPLE

to open the plugs and valves at the top of the system and the plugs and valves at the bottom of the system so that the water can drain out.

The bottom is the drain, and to make the drain more effective the top must be open so that there is no suction in the system.

After one has opened the top and the bottom, then one goes to all of the rest of the boxes

and opens them and drains them, and puts grease on the treads and then puts the caps back on and closes the valves. There are a few exceptions, that is to say valves and caps that stay open all winter.

Some of the valves and caps can't be put back on as soon as they are drained because they don't drain completely and must be allowed to drip, and some of the plugs will be underwater and the balled out water must be balled out and the pipe must be allowed to drain completely. And some of the pipes accumulate water and must be left open for a couple of days.

After one has open and closed all the boxes in between the top and the bottom, one then goes back and closes the top and the bottom.

#### MATERIALS

- 1 screw caps for turning valves  
there are two kinds - a round and an another kind  
These are in the bucket of pipe fittings by the hoses and sprinklers.
- 2 Big stilton wrench, to break union at the soda coop ( more on this later ).  
They are found on the left side of the garage, on the shelves by the side of HLRP's car.  
  
This is what a Stilton Wrench looks like. One needs two of them for the job.
- 3 plastic garbage bag for kneeling on at the holes
- 4 crow bar for prying out wooden box tops on the holes
- 5 three plastic straws ( drinking straws ) to suck out water out of pipes
- 6 grease (white grease ). The same stuff put on the carts in the Spring.
- 7 tool box for normal water-working-tools ( pliers and wrenches )
- 8 cut or can to ball water out of holes
- 9 towel to dry hands

another of  
Pullis' mistakes:  
the Fellowship  
Hour will be  
next Sunday morning.

Claude Pullis is slowly but surely  
killing the Berean Baptist Church —  
the congregation gets smaller all the  
time; there are a large number of  
us who are still "active" in the Church but  
who can not endure Claude Pullis's  
dreary presence.
